We plan to gradually implement the improvement of the above product quality indicators starting from January 2024, covering our company and its subsidiaries at all levels (including the Group, China Textile Group, Textile Research Institute, etc.).

In 2023, we had realized, we will focus on product quality points as a company website and will have the leading reports for products manufactured according to the integrated quality indicators. If you have any questions, please feel free to call our customer department at any time. We will continue to fully support the development of the domestic textile industry at home and abroad with high-quality products and services.

Thank you very much for your understanding and support!
